To Whom It May Concern:

It gives me great pleasure to write a recommendation for Bascon Corporation.

As one of our longer and most loyal accounts, we have enjoyed a personal and business relationship with the Suarez family for nearly 15 years. Over that span, our agency has provided hundreds of bonds and issued numerous insurance policies covering millions of dollars of insurance exposure. With all this insurance risk, Bascon's record is impeccable.

Throughout the fifteen years, they have always treated our longstanding relationship with respect and honesty. The Suarez's are a family of commitment, integrity and honor – always true to their word.

As a builder, Bascon Corporation has constructed many very important projects throughout the entire island – from small single family residences to multimillion dollar, high profile projects including the a pair of critical hospital projects. You will even find my personal name as well as Cassidy's Insurance on the list of customers Bascon has performed construction projects for.

In addition to Bascon's numerous construction contributions, Bascon routinely and wholeheartedly contributes to charitable events, fundraisers, sponsorships, disaster relief drives including their employees and friends in need. They are truly a company with a conscience.

The community of Guam is very fortunate to have the Suarez family and their business devoted and driven to making Guam a better place.

I unequivocally recommend Bascon Corporation for any construction project.

Sincerely,

A handwritten signature in blue ink that reads "Adam Baron".
